

Since 2004

**Durga Impex**

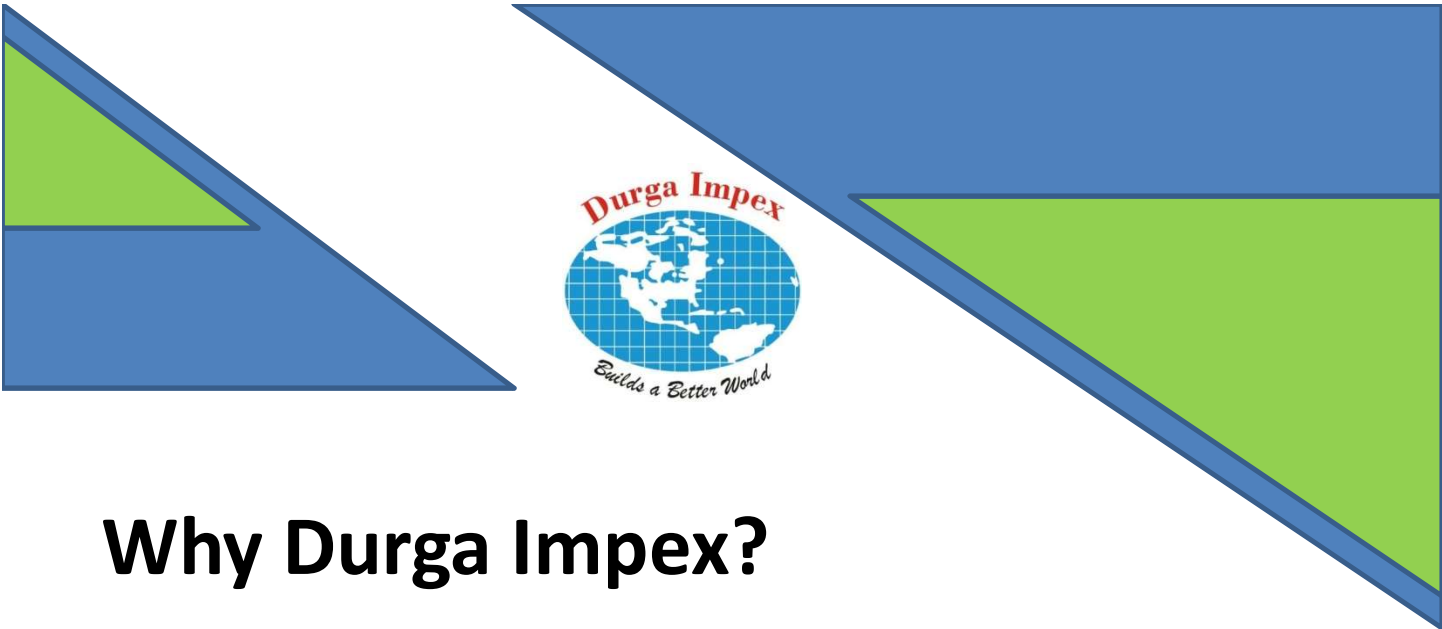

**ISO 45001:2018, ISO 14001:2015 & ISO 9001:2015  
Certified Organization**

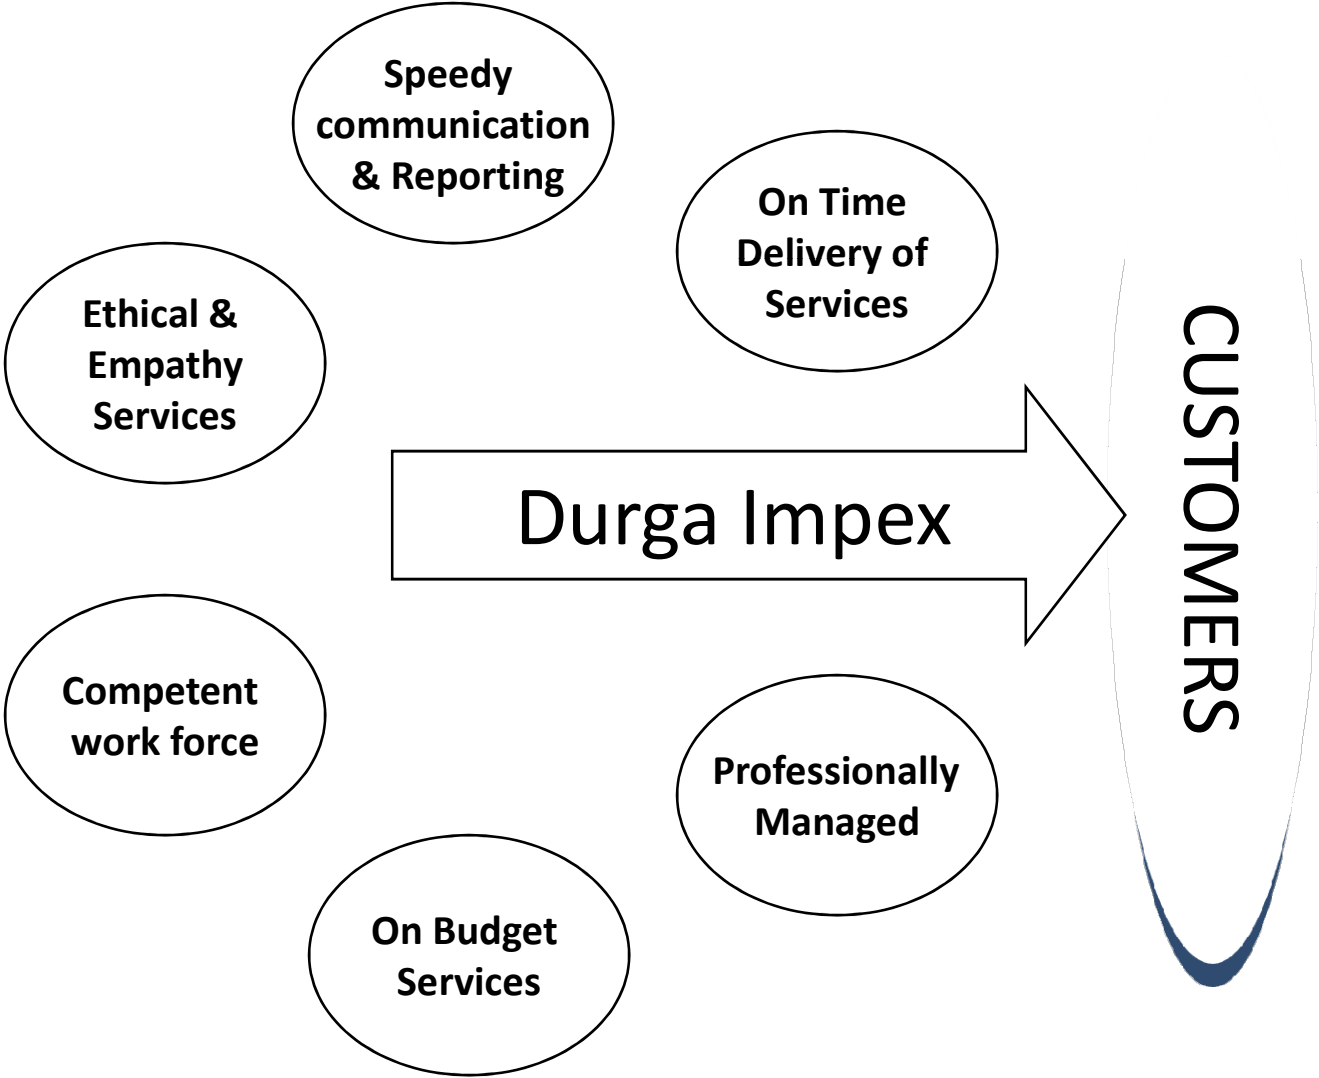

## History:

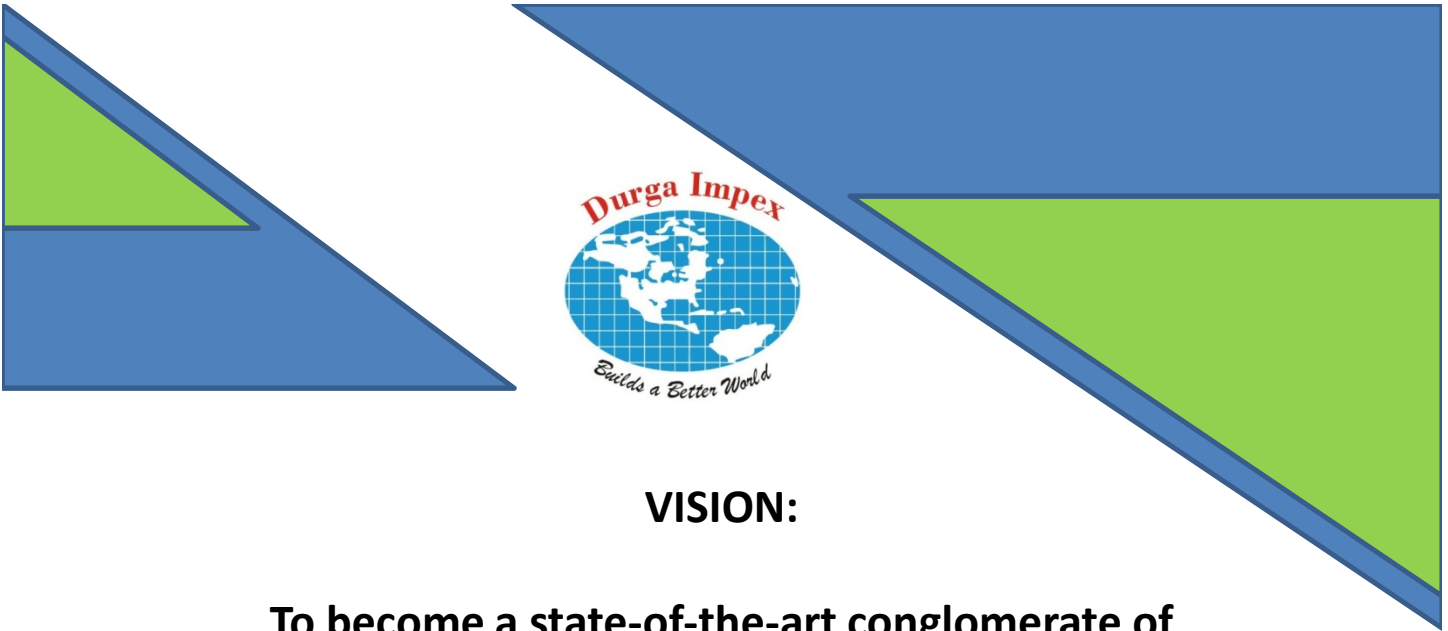

**Durga Impex**, A trusted name in Civil Constructions & Infrastructure Industry, was established in the year 2004 as a dream child of Mr. Jitendra Tak with a true vision to establish a global identity in construction field and Solid Waste Management.

Since its inception, Durga Impex has come a long way. From being a service oriented company Durga Impex is now the EPC Company offering a fully integrated service –from start up to project completion and beyond. Durga Impex offers its customers unparalleled breadth and depth of expertise. Durga Impex is equipped with the best of the industry's best and brightest talent. They are equipped with the best available infrastructure to meet the requirements of any Engineering project and has a vast and varying stock of hi-tech and heavy duty equipment and machinery. As the each year passed by, we have grown in leaps and bound, reaching the set milestone and achieving every levels and bench mark with the support of their satisfied esteemed customers.

# Why Durga Impex?

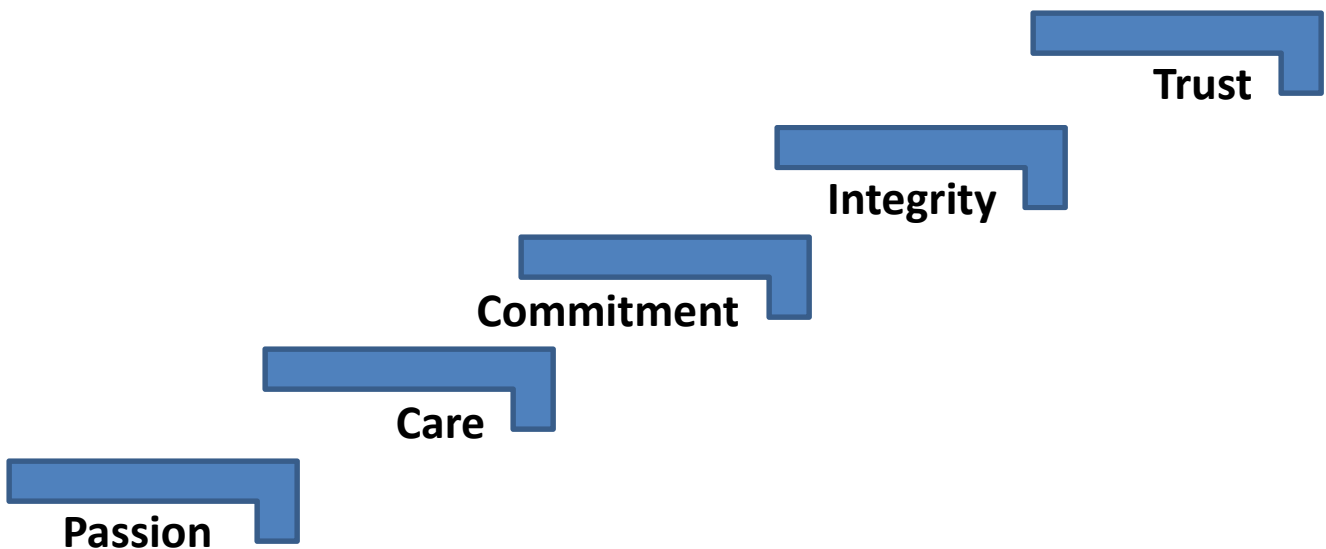

**VISION:**

**To become a state-of-the-art conglomerate of  
Civil, Structural, Mechanical, Electro-mechanical, Infrastructure  
Organization of international repute**

**MISSION:**

**To provide accurate and prompt service using State-of-the-Art  
technology and assure customer satisfaction through skill, enthusiasm,  
and pride of our employees, who are our most valuable resource**

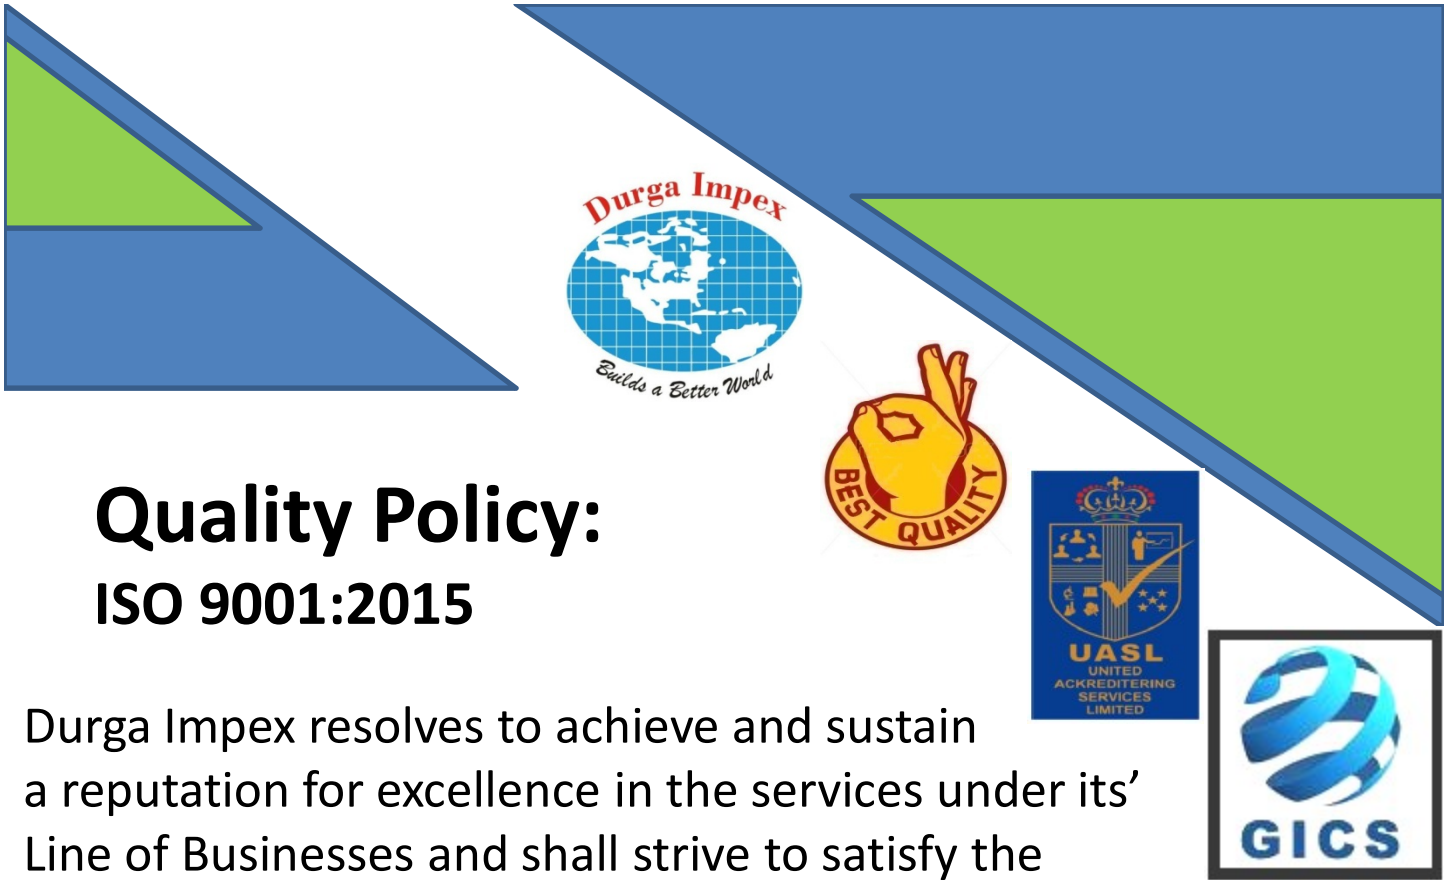

**VALUES:**

## Line of Businesses:

## Quality Policy: ISO 9001:2015

Durga Impex resolves to achieve and sustain a reputation for excellence in the services under its' Line of Businesses and shall strive to satisfy the customer's needs by executing the works to consistently high quality standards at competitive prices and within the timeframe agreed to.

Durga Impex undertakes to:-

- ✓ Maintain an effective quality management system applying to all our activities at all time.
